## **Biography:**

Sirfan started performing with ACT3 Theatrics back in 1998 and has been involved with them for many years, till now. He was trained and coached by directors, R.Chandran and Jasmin Simon – co-founders of ACT3 Theatrics. Since then, he never looked back and continued with his passion to perform and to learn more about the craft of acting and creating theatre on stage especially for the audience.

His forte is Children's theatre and Puppetry / Shadow Puppetry and he enjoyed every moment of his performances, trying to improve his craft each time and performance and to push himself to give everything for the audience. He attended many workshops and even goes all the way to Malaysia to widen his knowledge and experiences in theatre and performing there. He was involved in a production in KL (Pantomime Musical – Si Putih and 7 Makciks). He attended training and workshops conducted by Masakini Theatre and Christopher Jacobs for more than a year in KL.

For puppetry / shadow puppetry, he has attended workshops and training in Kulala Lumpur, Indonesia and France. He has also performed and conducted workshops there as well including at several festivals.

In Singapore, he performed with I-Theatre (Wizard of Oz) and Orangedot Productions (Industrial Theatre and Conference of the Birds). Apart from that, he has also directed a few school shows and schools for their drama programmes. He acquired Silver Awards, Certificates of Achievement and Distinction for the students while directing CCA Drama clubs in schools for the Singapore Youth Festivals (SYF). With a Diploma in Performing and Speech and Drama with the Trinity Guildhall London, he is looking forward for more training to widen his knowledge of theatre, acting and performing.

He was also honoured to be selected as a performer with Legoland when it first opened, being the only Asian performer there amongst other International cast. Apart from that, he has also performed internationally in Bangkok, Shanghai and Indonesia at several of its festivals.
